HOSTILITIES NOT LIKELY TO CEASE

Until Plenipotentiaries Have Been Appointed.

MINISTER LAMSDORFF IS SICK

His Illness Has Temporarily Put a Check on Peace Negotiations, but the Situation is the Same as Both Powers Are Preparing for Events.

St. Petersburg, June 24.—There is not likely to be any further move in the direction of an armistice until the plenipotentiaries are appointed and the time of their meeting is definitely fixed.

Japan seems unwilling to discuss an new issue until these two questions are settled. This does not necessarily mean that all hope of arranging a

FOREIGN MINISTER LAMSDORFF.

suspension of hostilities before the meeting has disappeared, but as an indication of Japan's mood it increases the doubt as to whether she could be induced to reliquish temporarily the strategic advantages which she evidently believes she enjoys. Indeed, it raise the suspicion of sparring for time until field marshal Oyama has developed his offensive and is actually in process of delivering his blow, when Japan could easily plead that it was too late. The delay in settling the matter of the plenipotentiaries is therefore all the more deplored by those desiring to avoid further blood shed. Both countries seem perfectly willing to name negotiations, but each evidently desires the other to show its hand first.

On account of Foreign Minister Lamsdorff's illness Ambassador Meyer was unable to have a personal interview with him either yesterday or today, but it is believed that communications from Washington are passing in writing. It appeared that Count Lamsdorff has had a touch of heart trouble and his physician again today forbade him to leave his room, but promised to allow the minister to go to the chancellory tomorrow.

Count Lamsdorff's illness naturally has created gossip to the effect that he is about to retire and M. Muravieff, Russian ambassador to Rome, and M. d'Iswolsky, minister at Copenhagen, are named as his probable successors.

There is strong reason for saying that the Russian plenipotentiaries will include a military man of high rank, though as yet there is no clew to his identity except that it will not be General Kuropatkin. The downfall of Admiral Alexieff and the suppression of the Far Eastern committee materially increases the likelihood that M. Witte will also represent Russia since he is an inveterate enemy of the "war cabal," which now seems definitely to have fallen under imperial disfavor.

News at Washington.

Washington, June 24.—It is learned through official sources that owing to the illness of Count Lamsdorff, the Russian foreign minister there has been a slight check to the negotiations affecting Russia and Japan. It is specifically stated, however, that this does not imply that there has been any break but simply that the negotiations have been unavoidably delayed by the reason given.

DEAD MAN ON PAY ROLL.

Important Discoveries Made in the Equitable Investigation.

New York, June 24.—Attention was directed to th fact that four of the Equitable officers mentioned in the report of State Superintendent of Insurance Hendricks as drawing salaries for the last five years are no longer actively conected with the company.

E. W. Lambert appears in the report as medical director with a salary of $25,000 a year. He died 13 months ago, and according to the table, his salary was paid this year and last.

Edward Curtis, who figures as a medical director, at $15,000 a year, resigned that position 18 months ago. George H. Squire, who is now a director of the company, is down on the list as financial manager at $12,000 a year, although H. B. Winthrop succeeded Mr. Squire as financial manager many months ago. J. B. Loring is recorded as a registrar, with a salary of $3,500 a year. Mr. Loring ceased to perform the active duties of the registrarship in April, 1903. Officers of the society said that possibly Mr. Hendricks had gotten hold of an old list.

District Attorney Jerome, of New York county, has entered into an investigation of the Equitable Life Assurance Society trouble and telegraphed to State Superintendent of Insurance Hendricks asking him to forward at once official copies of his report.

Summer Session Suspended.

New York June 24.—The regular summer vacation of the court of general sessions will be suspended this year so that the court may be available if District Attorney Jerome begins prosecution in connection with the affairs of the Equitable Life Assurance Society. This action was taken upon the request of District Attorney Jerome.

COTTONWOOD IS VALUABLE.

Trees Can Be Grown on Mississippi River Bank Easily.

Washington, June 24.—As a result of a recent investigation of the tree growth along the Mississippi river from Cairo, Ill., to New Orleans, the bureau of Forestry of the department of agriculture has issued a report showing that on the narrow strip inside of the levees cottonwood can be grown with almost no care and can be harvested when the trees are from 35 to 40 years old. This wood now has a recognized place in the market for the manufacture of boxes, for furniture backs, wash boards, etc. The bureau recommends the application of more conservative lumbering to the lands behind the levees.

The whole question of the profitable management of these forest lands lies within the control of the owners, the bureau reports say "instead of reaping one harvest, as they do now, it will be almost as easy to secure a successive crop so long as the land remains unavailable for farming. When that time comes, the forest must give way permanently."

Wreck Victims Recovering.

Cleveland, June 24.—A marked improvement was reported today in the condition of Rudolph Cordus, of Brooklyn, N. Y., and Fireman A. A. Gorham, the only victims of the Mentor accident who remain in Cleveland hospitals. It is believed that both men will recover.

Coroner Siegelstein, of this county, will go to Mentor probably today to examine into the cause of the disaster. He will hold an inquest in connection with all of the victims who died in Cleveland. The coroner of Lake county, in which Mentor is located, will take charge of the inquest over those who died at the scene of the disaster. It is expected that both hearings will commence next Monday.

Bank Cashier Arrested.

Buffalo, June 24.—Fred R. Green, cashier of the Fredonia National Bank of Fredonia, N. Y., for the arrest of whom a warrant had been issued, today surrendered himself and gave bail for a hearing. The bank was closed by the comptroller of currency on Monday. The warrant charges Green with being several thousand dollars short in his accounts.

ELECTRICAL STORM SWEPT NEW YORK

One Half Inch of Rain Fell In Thirteen Minutes.

TWO KILLED; EIGHT WOUNDED

The Storm Followed Hours of Intense Heat and Humidity—All the Ocean Resorts around Gotham Suffered by Lightning and fire.

New York, June 24.—Two men have been killed by lightning, eight persons were seriously hurt and considerable property damage has resulted from a severe storm which has swept New York and the surrounding country.

Following hours of great heat and humidity the storm broke with intense violence and more than one-half an inch of rain fell in 13 minutes. The electrical display continued intermittingly over a wide territory for hours. Those who lost their lives were Michael Burns, a Montclair, N. J., plumber, and Charles Dolton, of Newark, N. J., a coachman. Scores of others were more or less injured from the effects of the lightning and from fire and panic resulting from the storm.

Many buildings were wholly or in part demolished, two school houses were struck by lightning, telephone and electrical light wires were disabled. While the storm swept every section of the city proper, the damage was greatest in New Jersey and in the suburbs along the south shore of Long Island, Coney Island, Rockaway Beach and sections of Brooklyn suffered severely.

Among the peculiar freaks of lightning was a dynamite explosion in Harlem. A bolt of the fluid plowed its way through the side of a new apartment house to the ground where it exploded a dynamite cartridge which excavators had left undischarged in the rocks. Serious damage was caused to several other buildings in the vicinity.

Confusion and wildest alarm were created among 50,000 pleasure seekers at Coney island, where the storm burst with violent fury. The police station was struck by lightning while several cottages and amusement halls were set on fire. Similiar scenes were witnessed at Rockaway beach.

In this city traffic was seriously delayed. Flashes of blue flame shot out from beneath the cars for hours, until the workmen had pumped out nearly all the water that had collected.

TO STOP BETTING RING.

Missouri Sheriff Instructed to Keep Making Arrests at St. Louis.

St. Louis, June 24—Attorney General Hadley, of Missouri, stated today that he had instructions from Assistant Attorney General Fish assigned to assist the prosecuting attorney of St. Louis county in the suppression of the alleged violations of the anti-betting law at the Delmar race track to strongly advise Sheriff Herpel to raid the betting ring at Delmar at once and continue raiding until it closes and stays closed.

"This is a police regulation," said the attorney general, "and it is not necessary to await for information to be lodged.

"That is the way to close a pool room and stop race track betting. It can be done very easily. Bookmakers will be put out of business if they are relieved of their cash and paraphernalia persistently."

New Cabinet for Spain.

New York, June 24—General Weyler has again been slated for Spanish minister of war, according to a Herald dispatch from Madrid. The new ministry which will be submitted to the king today, is composed as follows: Premier, Montero Rios; foreign affairs, Sanchez Roman; war general, Weyler; finance, Senor Urzaiz; marine, Senor Conesetta; instruction, Senor Merildo; public works, Senor Romanones. The ministry, which is completely conservative, will attempting to dissolve the cortes immediately.

PRINTERS' 8-HOUR SMOKER.

Over 2,000 People Were Guests of Atlanta Typographical Union.

Atlanta, June 24.—Over 1,000 people assembled at the Turn Verein hall last night to attend the "8-hour smoker" given by Atlanta Typographical union, No. 48, in honor of the Georgia State Federation of Labor in session in this city.

The arrangements for the smoker were made by the 8-hour committee of Atlanta Typographical union, No. 48, and it was intended not only as a compliment to the Georgia Federation of Labor, but also to instill enthusiasm into the hearts of all union men, no matter what their particular line of work.

Everything in any way connected with the smoker was made by union labor. A union orchestra furnished the music, union breweries made the beer, union cigar factories manufactured the cigars, and, as the first speaker jocularly said, "the sandwiches were made by union hands."

John W. Hayes, first vice president of the International Typographical union, delivered the address of the evening.

He gave four reasons for the eight-hour movement, the fact that physical laws demand eights hours' for sleep, and eight for recreation and play; that machinery had reduced the number of workers necessary, and that the printers should share in the results of recent time-saving inventions.

TWO MEN FOUND DEAD.

Believed that One Killed the Other and Then Committed Suicide.

Griffin, Ga., June 24.—Thomas T. Head, first cousin to Sheriff B. C. Head, and related to many families in this county, was found in the public road about three hundred yards from his home in the eastern part of Spalding county this morning at daybreak with five bullet wounds in his body, cold in death.

A few miles from where he lay his neighbor Prentice Chapman, who had long been an enemy, was found at his home with his throat cut and a bloody razor near his hand.

It is the theory of all the county that Chapman waylaid Head last night and killed him and then took his own life and the relatives of both men concede that this is the only explanation of the tragedy. The men had been very unfriendly for a long time and Chapman had often threatened to take the life of Head.

$50,000,000 Bond Issue.

San Francisco, June 24.—Meetings of the directors and stockholders of the Western Pacific Railway company were held here yesterday. Fifty million dollars of first mortgage bonds were authorized and a morigage was directed to be made of all the property of the railroad to the Bowling Green Trust company of New York as trustee. The interest on the bonds is guaranteed by the Rio Grande Western railway company. Certain traffic contracts between the Western Pacific and the Denver and Rio railroad and the Rio Grande Western railway company were caused. The board of directors called a meeting of the stock for the purpose of increasing the capital stock of the Western Pacific from $50,000,000 to $75,000,000.

Robbed in St. Petersburg.

St. Petersburg, June 24.—Theodore S. Darling, of New York, and several guests at the Hotel del Europe, have been robbed of all their valuables. Mr. Darling lost a diamond necklace and quite a sum of money. Subsequently the necklace was discovered in a pawnshop. With the assistance of the American embassy efforts are now being made to recover the stolen property. Considerable mystery surrounds the robbery. Suspicion fell on a Russian countess, but when accused she threatened to sue the proprietors of the hotel and no attempt has been made to prosecute her.

Seventeen Year Locusts Appear.

Camilla, Ga., June 24.—The first 17 year locusts made its appearance here this morning. It was observed coming out of shells last night and its wings were fully developed by 9 o'clock this forenoon.

RUSSIANS ROUTED BY THE JAPANESE

Czar's Men Unable to Cope With Mikado's Soldiers.

RUSSIAN LOSSES ARE HEAVY

Official at Tokio Receive Dispatches From Manchurian Army Announcing that Japanese Arms Are Again Victorious Over Their Enemy.

Tokio, June 24.—The following official dispatch has been received today from the headquarters of the Japanese army in Manchuria:

In the vicinity of Yingocheng June 21 a thousand of the enemy's infantry pressing our scouts advanced and when they reached Hsiangyangcheu, 10 miles southeast of Wankautskeau, our forces repulsed them with heavy

loss and pursued them to the vicinity of Weiyuanpsomen.

After our force which occupied Yangmulintzu June 19, had completed their mission, they returned.

The enemy consisting of three battalions and four squadrons with 12 guns advanced through the eastern districts of the Kirin road and moved southward June 21. From 11:20 in the morning his infantry gradually appeared on the heights between Chapengan and Lichiatan and his artillery posted on the heights of Lienhuachies shelled the northern heights of Nantchendzy.

Our force, after a few hours' engagement, assaulted the offensive and completely repulsed the enemy, captured the heights and pursued him.

Otherwise, the situation is still unchanged.

The Heat is Intolerable.

Gunshu Pass, Manchuria, June 24.—The Japanese are no longer pressing the Russians south and doubt is now entertained as to whether the weak offensive is the precurser of a big battle or a distinct manoeuver. Relief in the prompt conclusion of peace is weakening.

The heat is intolerable. Even the nights afford little relief.

St. Petersburg Hears News.

St. Petersburg, June 23.—4:20 p. m.—According to today's news from the front, the Japanese after driving in the Russian advance posts, paused yesterday and doubt seems to exist at the Russian headquarters as to whether Field Marshal Oyama has yet gotten his columns in position to strike or is issuing false offensive for effect on the peace negotiations.

Big Shipment of Coal.

Pittsburg, June 24.—Over five million bushels of coal were shipped to New Orleans and the southwest today by river. This is one of the largest June shipments ever made from this city.

A SAD DEATH.

Miss Lena Cook Succumbs to An Attack of Fever.

One of the saddest death as that has occurred in the city for some time was that of Miss Lena Cook, which occurred at the home of Mrs. S. W. LeGrande on East Main street, N., at 8 a. m. Saturday, from fever, after an illness of over five weeks.

The deceased and her sister, Miss Luella Cook, came to Florida last fall for their health from New Haven, Conn., and stopped at White Springs, where Miss Lena took treatment for the rheumatism, receiving much benefit. In October they came to Gainesville, where Miss Lena entered the Seminary and was progressing nicely in her studies, but was obliged to relinquish her work on account of failing health.

She was carefully nursed by her devoted sister and kind friends, but she gradually gave way until the final end came and she breathed her last.

Deceased was 20 years of age and full of hope for the future, although her sufferings had been quite severe. Both had come to Gainesville in the hope of living here in the enjoyment of our beautiful climate, which makes her untimely death all the more deplorable. The sorrow-stricken sister has the sympathy of her many kind friends in her affliction.

The funeral will take place from Holy Trinity Church at 8:30 this (Sunday) morning, Rev. F. H. Craighill officiating.

Funeral Director McClellan will have charge of the obsequies.

The following gentlemen have been selected as pall bearers and are requested to meet at the residence at 8:15 o'clock sharp: J. C. Rhodes, C. R. Layton, H. Arnold, M. B. Saunders, T. B. Ellis, Jr., J. W. Blanding.

A Big Sale.

The sale which begun at the Wilson dry goods store on Friday will continue Monday, Tuesday and Wednesday. Judging from the crowds of buyers at this store for the first two days the prices offered are attractive. The store of Mrs. R. Wilson has a reputation for square dealing that is equal to any business house in the county.

If you have not called, drop in one of the three remaining days, as you will surely find some very good bargains.

MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

DEATH OF MRS. MARSHALL.

Passed Away at Ripe Age of 85 Years at Home of Her Granddaughter.

Mrs. Margaret E. Marshall died at the home of her granddaughter, Mrs. E. Pinkoson, on West Liberty street, at 10 o'clock Saturday morning, June 24, 1905, of old age, in the 85th year of her age.

Margaret Elizabeth Malphrous was the daughter of Joel and Nancy (Brown) Malphrous, and was born at Prince William, S. C., August 22, 1820, where she resided with her parents until united in marriage to Robert Christopher Marr of Gramesville, S. C., October 5, 1840. From there she went with her husband to Savannah, Ga., where they resided for some time, two children being born to them—a son and daughter, Joseph, and Sarah A., now Mrs. Patterson.

In 1848 she became a widow, and May 1, 1853, she was married to Joseph Marshall. In the year 1854 they removed to Jacksonville, where they resided for some years, both Mr. and Mrs. Marshall uniting with the Methodist Church in 1855. They came to Gainesville in 1862, and on April 14, 1880, Mr. Marshall died.

During her many years of residence in this city the deceased was a most devoted member of the church and was beloved by all who knew her. For the past ten years she has been deprived of her eyesight, yet she bore her affliction with passive courage.

Deceased is survived by one daughter, Mrs. S. A. Patterson, two granddaughters, Mrs. Edward Pinkoson and Mrs. M. G. McCarroll; five great grandsons, Charles, Herbert and Tom Pinkoson and George Patterson of Gainesville, and Tom McCarroll of New Orleans; three great granddaughters, Sallie Pinkoson and Willie McCarroll of Gainesville, and Mrs. W. A. Adams of Rochelle.

The funeral will take place from the Methodist church at 4 p. m. today, Rev. T. J. Nixon, pastor, officiating. The funeral arrangements will be in charge of Robert McClellan, director. Friends of the family are cordially invited.

Pall bearers: S. J. Burnett, Ferd Bayer, John Bennett, James Doig, L. L. Hill, John Crawford.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion: and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." One of Peary's Comrades Dead.

In early life Nichol moved to America and on enlisting in the navy was assigned to the frigate Susquehanna. This vessel with six others comprised the fleet which Perry took to Japan for the purpose of negotiating the treaty which resulted in opening the ports of that country to the trade of the world.

Death at Waldo.

Information has been received in this city of the death at Waldo of Mrs. J. O. Sessions, which sad event occurred at that place Friday night from typhoid fever. Deceased had been suffering with the dread disease for several weeks, but it was thought she would recover until a relapse came from the effects of a small piece of watermelon eaten by the patient.

Mrs. Sessions had resided at Waldo for a number of years and was a widow, owing to the death of her husband several years ago. She leaves five daughters and one son to mourn her loss, three of the former being quite small.

The bereaved children have the sympathy of many friends in their sad affliction.

They are most estimable people and are gladly welcomed to our city.

Mrs. F. A. Taylor of Maitland, who came here several weeks ago to avail herself of Dr. Sibley's professional services, returned home yesterday quite well and happy. There are many chronic invalids throughout the country who would do well to visit Gainesville, which is rapidly coming to the front as a sanitarium, situated as it is on the high lands of Central Florida, supplied with pure spring water, good nurses and excellent physicians.

A SAD DEATH.

Miss Lena Cook Succumbs to An Attack of Fever.

One of the saddest death as that has occurred in the city for some time was that of Miss Lena Cook, which occurred at the home of Mrs. S. W. LeGrande on East Main street, N., at 3 a. m. Saturday, from fever, after an illness of over five weeks.

The deceased and her sister, Miss Luella Cook, came to Florida last fall for their health from New Haven, Conn., and stopped at White Springs, where Miss Lena took treatment for the rheumatism, receiving much benefit. In October they came to Gainesville, where Miss Lena entered the Seminary and was progressing nicely in her studies, but was obliged to relinquish her work on account of failing health.

She was carefully nursed by her devoted sister and kind friends, but she gradually gave way until the final end came and she breathed her last.

Deceased was 29 years of age and full of hope for the future, although her sufferings had been quite severe. Both had come to Gainesville in the hope of living here in the enjoyment of our beautiful climate, which makes her untimely death all the more deplorable. The sorrow-stricken sister has the sympathy of her many kind friends in her affliction.

The funeral will take place from Holy Trinity Church at 8:30 this (Sunday) morning, Rev. F. H. Craighill officiating.

Funeral Director McClellan will have charge of the obsequies.

The following gentlemen have been selected as pall bearers and are requested to meet at the residence at 8:15 o'clock sharp: J. C. Rhodes, C. R. Layton, H. Arnold, M. B. Saunders, T. B. Ellis, Jr., J. W. Blanding.

A Big Sale.

The sale which begun at the Wilson dry goods store on Friday will continue Monday, Tuesday and Wednesday. Judging from the crowds of buyers at this store for the first two days the prices offered are attractive. The store of Mrs. R. Wilson has a reputation for square dealing that is equal to any business house in the county.

If you have not called, drop in one of the three remaining days, as you will surely find some very good bargains.

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

DEATH OF MRS. MARSHALL.

Passed Away at Ripe Age of 85 Years at Home of Her Granddaughter.

Mrs. Margaret E. Marshall died at the home of her granddaughter, Mrs. E. Pinkoson, on West Liberty street, at 10 o'clock Saturday morning, June 24, 1905, of old age, in the 85th year of her age.

Margaret Elizabeth Malphrous was the daughter of Joel and Nancy (Brown) Malphrous, and was born at Prince William, S. C., August 22, 1820, where she resided with her parents until united in marriage to Robert Christopher Marr of Gramesville, S. C., October 5, 1840. From there she went with her husband to Savannah, Ga., where they resided for some time, two children being born to them—a son and daughter, Joseph, and Sarah A., now Mrs. Patterson.

In 1848 she became a widow, and May 1, 1853, she was married to Joseph Marshall. In the year 1854 they removed to Jacksonville, where they resided for some years, both Mr. and Mrs. Marshall uniting with the Methodist Church in 1855. They came to Gainesville in 1862, and on April 14, 1880, Mr. Marshall died.

During her many years of residence in this city the deceased was a most devoted member of the church and was beloved by all who knew her. For the past ten years she has been deprived of her eyesight, yet she bore her affliction with passive courage.

Deceased is survived by one daughter, Mrs. S. A. Patterson, two granddaughters, Mrs. Edward Pinkoson and Mrs. M. G. McCarroll; five great grandsons, Charles, Herbert and Tom Pinkoson and George Patterson of Gainesville, and Tom McCarroll of New Orleans; three great granddaughters, Sallie Pinkoson and Willie McCarroll of Gainesville, and Mrs. W. A. Adams of Rochelle.

The funeral will take place from the Methodist church at 4 p. m. today, Rev. T. J. Nixon, pastor, officiating. The funeral arrangements will be in charge of Robert McClellan, director. Friends of the family are cordially invited.

Pall bearers: S. J. Burnett, Ferd Bayer, John Bennett, James Doig, L. L. Hill, John Crawford.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Ocala's Library Contest.

The Ocala Star, which is advertising the Library contest in that city, has the following proposition regarding the voting in that city:

"We will give a premium of 150 votes for every paid three months' subscription to this paper; 400 votes for every paid six months' subscription and 1,000 votes for every paid subscription for one year. Old subscribers get the same number of votes by paying their subscriptions in advance. Every voter should be a subscriber."

The Sun gives half as many votes for each subscriber, and by the contract has 10,000 votes to give to the person getting the largest number of subscribers. Read the rules in the advertisement carefully.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

Death at Waldo.

Information has been received in this city of the death at Waldo of Mrs. J. O. Sessions, which sad event occurred at that place Friday night from typhoid fever. Deceased had been suffering with the dread disease for several weeks, but it was thought she would recover until a relapse came from the effects of a small piece of watermelon eaten by the patient.

Mrs. Sessions had resided at Waldo for a number of years and was a widow, owing to the death of her husband several years ago. She leaves five daughters and one son to mourn her loss, three of the former being quite small.

The bereaved children have the sympathy of many friends in their sad affliction.

They are most estimable people and are gladly welcomed to our city.

Mrs. F. A. Taylor of Maitland, who came here several weeks ago to avail herself of Dr. Sibley's professional services, returned home yesterday quite well and happy. There are many chronic invalids throughout the country who would do well to visit Gainesville, which is rapidly coming to the front as a sanitarium, situated as it is on the high lands of Central Florida, supplied with pure spring water, good nurses and excellent physicians.

FROM THE STATE PRESS.

Gainesville is making a strenuous effort to have the State University located at that place. Lake City is fighting for it, too, and has the advantage of the present University buildings erected there. But Gainesville is being supported by a large number of the people of the State, believing that that place affords the most desirable attractions, in many ways, for an educational institution. It is, too, a town of culture, and a progressive citizenship.—Volusia County Record.

Rev. S. B. Rogers, formerly of this place but now of Gainesville, was here Monday getting endorsements for Gainesville as the site for location of the Florida University. We understand that he received endorsements from practically all of our county and city officials, including the Marianna Board of Trade. Gainesville is a strong competitor for this much coveted State institution, and notwithstanding the fact that there are other ambitions and deserving towns in the field, it would not be a very great surprise if she should carry off the laurels when the show-down comes.—Marianna Times-Courier.

The yellow fever cases at the Isthmus of Panama are not very numerous. If we can keep them at Panama we will be content.

The man who held up the Western train "just for the fun of the thing," is now behind prison bars and having the fun all to himself.

Evidently there were some newspaper men on the wrecked limited train near Cleveland. A bag containing $32,000 in jewels was found in the debris.

The speed of the limited train between New York and Chicago will now be a little slower. The 18-hour trip was too deadly a pace. It was the pace that kills.

The weeds and grass about the city should be cut down, as they are breeders of disease and present a very bad appearance. When you have a spare moment at home cut down a few weeds and in that manner you will keep your premises clean.

During all the controversy regarding Gainesville as the proper place for the location of the State University, there has been no word said by our people detrimental to any other city as a location. If Gainesville gets the prize it will be solely on her merits.

The Scientific American says that "we learn from an exchange that an Indiana genius proposes to utilize cats for the generation of electric current for lighting. His purpose is to round up the cats and drive them through a chute so that they will pass under rotating brushes which will abstract the desired current. The invention might be further improved by the employment of mice, so that the cats could be drawn through the chute by induction. Just how much feline power is required to light an incandescent lamp has yet to be ascertained." Some of them don't look as though they were more than one-cat power.

A STRONG PLEA.

In The Jacksonville Times-Union of Friday, under the heading of "Strong Plea for Gainesville," the following appears from the pen of C. C. Morgan of Fort Ogden:

"The hope and future of this country rests in the education of its children. The safety and security of this republic depends largely upon the cultivation of the minds of the young men and women of America. Schools and churches are the invulnerable safeguards of our government. The lessons taught in the school-room and the environments and training of scholastic years leave their impress and stamp their seal upon the mind, there to remain through life. The recent Legislature of our State, in the passage of the Buckman bill, wiping out, as it did, the splendid institutions of Florida where learning was disseminated and the young filled with instruction, has created a condition such as has seldom confronted any people. Our State has spent hundreds of thousands of dollars building up these schools through the long years of arduous struggle, and now, without a moment's warning, they are struck down in the very prime and glory of their life. The responsibility devolving upon the Board of Control is a serious and weighty one. This board is vested with power to locate the schools named in the bill. May the members have the wisdom to discharge well their duty. Among the schools to be located, none more vitally concerns the people of Florida than the University. It is the one in which the greatest interest is being manifested. In selecting a site for the new university, wisdom, prudence and good judgment should prompt the board to weigh in the balance the record made by some of the abolished schools and thus reach an intelligent and conservative estimate of the merits of at least some of the places now bidding for the school. Some years ago it was my good fortune to be a student in that grand old institution—the East Florida Seminary. She is my Alma Mater. No school in this State has made such a record as her's. While the Legislature has been lavish in its gifts to other schools, it has denied the Seminary even the necessities of life. If what has been spent on the Lake City school had been given to that magnificent institution the educational interests of this State would have been much farther advanced. And what was the secret of its success? It is the strong social, moral and religious environment of the home of the Seminary, the liberal, school-loving, united and hospitable people of Gainesville.

"Location is going to be the life or death of the new university. Locate it where the sentiment, tradition and environment have already made a brilliant success of one school and you run no risk, but place it where wealth has failed to produce results and you risk the life of the University. The East Florida Seminary has gone to its grave amid the halo of a brilliant career. Its last year was its best. In all its history the finger of suspicion has never been leveled at her. No scandal has besmirched her fair escutcheon. Discord and enmity have never been lugged into her councils. The pathway of its presidents have been strewn with roses, and the people of Florida outside of Gainesville are beginning to feel that the University should be located there where it will not be subjected to constant peril; where it will be upheld; where the sentiment and tradition of fifty years of the Seminary's life will give strength and be an inspiration; where it will be loyally upheld, and where every man will pull together. South Florida is a unit for Gainesville for the University. West Florida should also be, as the Female College is conceded to Tallahassee. All we ask is an impartial board, and if they will listen to reason and are open to conviction, the old East Florida Seminary will be the cornerstone of the new university."

The Sunday baseball law will be tested because it interferes with the ideas of the owners of the baseball teams. The local option law interferes with the men who own saloons, and the law against burglary is to prevent the perpetration of that crime. While no law will absolutely put a stop to its violation, it is the duty of officers to prosecute offenders, and there is no doubt the baseball fellers will have to obey the same as other people or take the consequences.

The Florida Mid-Winter Fair at Tampa will no doubt be one of the best ever held in the State, as the premium list will be large and the inducements to farmers of the State will be sufficient to call out some fine displays.

Can Scientist Produce Life?

London, June 24.—Scientists are much interested in the preliminary statement made by J. E. Burke, of the famous Cavendish laboratory at Cambridge, claiming that he almost certainly has demonstrated the possibility of spontaneous generation by virtue of the action of radium. He placed radium in contact with sterilized bouillion in test tubes, and after a day or two produced minute globular cultures. Sub-cultures were made and a high-power microscope revealed distinct indication of the growth of the aggregation. Burke is modest, saying that possibly they are a primitive form of life, as they suggest vitality.

City Purchases a Hotel.

Tampa, Fla., June 24.—Something new in municipal ownership was inaugurated when the city of Tampa paid the Ocean and Gulf Realty company, of New York, $125,000 cash for the Tampa Bay hotel and grounds, becoming the sole owner of the property upon which the late Henry B. Plant spent $3,000,000. The city will use the grounds as a park and lease the hotel.

TO THE TEACHERS,

School Officials and Friends of Education in Florida.

It is with great pleasure that we announce the annual meeting of the National Educational Association at Asbury Park and Ocean Grove, N. J., July 3-7.

The National Educational Association is the most influential body of educational workers in the world. The work done at its various meetings sounds the key note of educational progress in America. We believe that no professional work teachers can do during the vacation months will be as helpful and inspiring as attendance at the annual sessions of the Asbury Park meeting.

The Southern Railway operates double daily trains between Jacksonville and the East, affording an excellent schedule to Asbury Park as follows: Leave Jacksonville 9:10 a. m. and 7:55 p. m.; arrive Washington 9:50 a. m. and 9:50 p. m.; arrive New York 4:15 p. m. and 6:30 a. m.; arrive Asbury Park 5:35 p. m. and 10:06 a. m.

The route is via Savannah, Columbia, Salisbury, Greensboro, Lynchburg, Charlottesville, Washington, Baltimore, Philadelphia, passing through the most beautiful country and important cities of the Carolinas and Virginia. Solid vestibule trains with first-class day coaches from Jacksonville to Washington and Pullman sleeping cars from Jacksonville to Philadelphia and New York.

All persons desiring to take an all-rail route to Asbury Park, thereby making the trip quickly, are invited to join the Florida party, which is to be personally conducted—leaving Jacksonville over the Southern Railway Friday morning (June 30) at 9:10, arriving at Asbury Park Saturday afternoon at 5:35, in ample time to get located and rested in order to enjoy the special N. E. A. services to be held in the Ocean Grove Auditorium on Sunday, July 2d. All persons joining this party will please purchase tickets reading via New York City, in order that they may return that way—no difference in price of tickets "via direct route" and those via New York City. Information relative to reservation of bertha, etc., will be furnished upon application to J. C. Lusk, District Passenger Agent, Southern Railway, 108 West Bay street, Jacksonville, Fla., or the undersigned. CLEM HARRIS,
State Director and Manager of N. E. A. for Florida. State Department of Education, Tallahassee, Florida.

Higher Tariff for Mexico.

Mexico City, June 24.—Important modifications in customs tariffs have been decreed by the executive with the view of protecting home industries. Higher duties are placed on steel rails, structural iron and steel, iron and steel wire, copper, brass or bronze wire, plows and farming implements, furniture, many lines of foreign food stuffs, including butter, cheese, tea, macaroni, American tobacco, unrefined and refined petroleum, raw cotton, etc. In some cases duties are reduced as a tariff results in a prohibition of exports.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Ex-President of Hayti Exiled.

San Juan, Porto Rico, June 24.—Former President Sam of Hayti has been driven from St. Thomas by the Danish authorities. He was given the choice of speedy departure or certain conviction and long imprisonment upon a charge of abduction made by a young girl. Some of his friends declare he is now in the British isle of Tortola, and others that he is at Ft. de France, Martinique. His family remains in his palatial home on one of the hills overlooking the harbor of St. Thomas.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by all druggists.

Steamers Collide; Two Drowned.

Detroit, Mich., June 24.—The wooden steamers City of Rome and Linden collided early today in the St. Clair river opposite Tashmoo island and both were sunk. Two members of the crew of the Linden, the cook and his wife, were drowned. The other members of the crews escaped in safty. The City of Rome was bound down with a cargo of iron ore and the Linden was upbound.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, that, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

...To Be a ...ople.

...harged with ...persons by pre... Henry Wolf ... at his residence ...ce say the man lived ... and Mr. Hyde life. He was known to his friends as a traveling man, while in country towns he represented himself as Dr. Hart.

He was arrested on complaint of Mrs. James Hewey, wife of a farmer of Abingdon, Iowa. He is said to have secured $310 from the woman's husband by promising to cure her of consumption.

He induced Hewey to draw the money from the bank and then he hastily left for Chicago. The alleged swindler was traced by his railroad ticket. He gave no address to his victim. It was learned from the station agent that he had boarded a Chicago bound train. At the Central passenger association's offices the name was discovered. Wolf's name does not appear an the city directory, and the police had much difficulty in finding him. Wolf is 50 years old. He has lived in Chicago for many years and his apartments are fitted up luxuriously. His neighbors were not aware that he was anything but a traveling man, as he represented himself to be.

It is said that on arriving at a town Wolf equipped with a physician's valise would call at a livery stable and engage the best equipage. He would then ask to be driven around the country. All the prominent farmers in this manner were pointed out to him.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

A TOAST TO UNITED STATES.

Is Proposed by Emperor William at a Dinner on His Yacht.

Imperial Yacht Club Kiel, Germany, June 24.—Emperor William at the conclusion of the dinner which he gave on board the imperial yacht Hohenzollern last night to the yachtsmen who had taken part in the transatlantic race, rose and said that as there are more Americans present than persons of any other nationality he would, with the consent of Lord Brassey, who was one of the guests, propose the health of the United States.

Privately, the emperor said he was delighted at the success of the race, which had attracted more entries and had turned out to be more interesting than he expected. He also added that he felt indebted to Allison V. Armour and C. L. F. Robinson, the American members of the command, the emperor had occasion to say that Commander H. G. Hebbinghaus had handled the questions connected with the race with much tact and judgment.

The cup won by the Atlantic is of massive silver, one meter high and was designed by the German emperor himself.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

Girl Killed in Accident.

Poughkeepsie, N. Y., June 24.—Miss Lillian Moore, of this city, whose skull was fractured when the excursion car was wrecked at Fishkill landing early today died several hours after the accident without regaining consciousness. None of the twenty others who were injured in the crash is thought to be fatally hurt. Both cars were crowded with Poughkeepsie people, members of an excursion party conducted by the Knights of Temperance of St. Paul church. The motorman on an electric car attempted to let the car down the hill by using the reverse current. He had covered only a short distance when the trolley pole slipped from the wire, the current was interrupted and the car coasted into another one ahead.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

Vermont Woman Again Respited.

Brattleboro, Vt., June 24.—A reprieve until December 8 for Mrs. Mary M. Rogers, the condemned murderess, was signed by Governor Charles J. Bell and for the third time the woman who was to have been hanged at Windsor for killing her husband has been saved through the operation of the governor's power to stay the execution. The reprieve was granted in order that the case may be carried to the supreme court of the United States on constitutional questions which were raised at a hearing before Judge H. H. Wheeler, sitting as a justice of the United States circuit court.

Court Can't Enforce Rome's Decree.

Chicago, June 24.—A dispatch to the Tribune, from Lincoln, Neb., says that the injunction instituted by Bishop Thomas Bonacom, of the Catholic diocese of Lincoln street against the Rev. William Murphy, former parish priest at Seward, as to who shall occupy the parish property at Seward, has been dismissed by the Nebraska supreme court. Father Murphy retains possession, although long ago excommunicated by Bishop Bonacom. In their opinion one paragraph is that the court cannot enforce or register the decrees of Rome.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.
